### ACTIVITY 3:

**Direction:** Explain your answers in your own words.

1. *What is Pangangayaw?*

Pangangayaw is basically invading unallied or enemy territories for a few reasons. It is usually done to secure resources, to take revenge or defend family honor, as requirements for some rituals, or for a reward.

2. *Give three (3) criteria for recognizing heroes and relate them to Dr. Jose Rizal's Life.*

- 1) A Hero who is not violent and militant, and if possible, preferred peaceful means like education. Rizal used writings and education to fight for reforms instead of war.
- 2) A hero who had no qualms on American Imperialism. Rizal lived under Spanish rule, but the Americans promoted him as a hero because he was not a revolutionary like Bonifacio.
- 3) A hero who is already dead. Rizal was executed in 1896, making him a strong candidate for being honored as a hero. Rizal also knew what he was doing will definitely led to the Spaniards executing him, but he still continued for the sake of the nation.

3. *Why were Gregorio del Pilar, Andrés Bonifacio, and Emilio Aguinaldo not qualified as heroes based on the criteria used by the Americans for selecting a hero?*

The main reason the three mentioned heroes were not qualified based on the Americans criteria is because they are revolutionary. They choose to fight the Americans in armed battle. Aguinaldo also lived even after American occupation so he is not qualified for third criteria as well.
